TROJANS

This year's Black History Month Theme is: Historically Black Colleges and Universities: **Fisk** ranks in the top 10 percent of the 250 leading liberal arts institutions based on social mobility, research, and service. For the past 19 years, *Money* Magazine has included Fisk on its "100 Best College Buys" list. The most recent National Science Foundation study reveals that Fisk alumni earned more doctoral degrees in the natural sciences than African American graduates from any other college or university in the nation.
